Strategic Review

See pages 4 and 5 for recommended all-cash acquisition of the Company and dividends update.

-2.0
pence

IFRS Earnings per Ordinary Share

Earnings per Ordinary Share of -2.0 pence per share for the six-months ended 30 June 2024 (six-months ended 30 June 2023 1.1 pence per share)

105.1
pence

IFRS Net asset value per ordinary share

Net asset value per Ordinary Share was 105.1 pence as at 30 June 2024 (31 December 2023: 109.8 pence)

-1.9
per cent

Net asset value total return*

Net asset value total return of -1.9 per cent for the 6 months ended 30 June 2024 is calculated assuming dividends are re-invested (H1 2023: +0.8 per cent).

+13.0
per cent

Share price total return*

Share price total return of +13.0 per cent for the 6 months ended 30 June 2024 (H1 2023: -23.0 per cent).

107.6
per cent

Dividend cover on a cash basis*

Cash dividend cover for the 6 months ended 30 June 2024 was 107.6 per cent (H1 2023: 117.6 per cent).

Sales

£53.8
million

During the six-months ended 30 June 2024, disposed of two office holdings at an aggregate sales price of £53.8 million, 3.9 per cent below valuation as at 31 December 2023. Further detail can be found in the Managers' Review. A further three office disposals were completed post period-end with an aggregate sales price of £60.7 million. These disposals are part of the strategic repositioning of the portfolio and were in line with the 30 June 2024 valuations.

-0.5
per cent

Portfolio return*

Portfolio return of -0.5 per cent over the 6 months to June 2024 (H1 2023: 1.5 per cent) versus the MSCI UK Quarterly Property Index return of 1.8 per cent (H1 2023: 0.3 per cent).

Potential investors are reminded that the value of investments and the income from them may go down as well as up and investors may not receive back the full amount invested. Tax benefits may vary as a result of statutory changes and their value will depend on individual circumstances.

Chairman's Statement

Paul Marcuse,
Chairman

The real estate sector spent much of the first half of the year awaiting greater clarity on the path of interest rates. This August saw the end of the tightening cycle as the Bank of England delivered a 0.25 per cent cut to the base rate. Prior to this cut, there were some signs of renewed investor appetite, and whilst still modest, there has been an increase in transaction volumes over the first six months of the year compared to the last six months of 2023.

Whilst geopolitical challenges persist, this modest increase in activity can perhaps be attributed to the expectation of a more stable market backdrop. The UK economy expanded moderately in the first two quarters of 2024, following a shallow technical recession in the second half of 2023. The inflation rate hit the Bank of England's 2.0 per cent target rate in May for the first time since July 2021, and political uncertainty reduced with the election of a Labour Party governing with a significant majority.

The second quarter of 2024 saw the MSCI UK Quarterly Property Index ('the Index') return to capital growth for the first time since June 2022, with the industrial and retail warehousing sectors benefitting most notably. However, it is income that has been the consistent driver of total returns in recent periods, as occupational markets have generally proven to be more resilient than many expected despite the challenges posed to the UK economy and consumers.

Company Performance

Against this economic and property market backdrop, the Company has delivered a net asset value ('NAV') total return of -1.9 per cent for the six months to 30 June 2024. The NAV per share as at 30 June 2024 was 105.1 pence, down 4.3 per cent from 109.8 pence per share as at 31 December 2023.

The share price performed strongly over the period with a positive total return of 13.0 per cent for the six months and the discount to NAV narrowing to 24.6 per cent at the period end, compared to 34.0 per cent at 31 December 2023.

The following table provides an analysis of the movement in the NAV per share during the period.

	Pence
NAV per share as at 31 December 2023	109.8
Unrealised decrease in valuation of property portfolio	(3.8)
Losses on sale of investment properties realised	(0.4)
Other net revenue	2.1
Dividends paid	(2.6)
NAV per share as at 30 June 2024	105.1

Chairman's Statement (continued)

Portfolio Performance

The Company's portfolio delivered a negative total return of 0.5 per cent over the first six months of the year, underperforming the Index return of 1.8 per cent.

While the portfolio delivered income outperformance, a capital return of -3.3 per cent against the Index return of -0.6 per cent dragged performance at the portfolio level. This underperformance can primarily be attributed to the portfolio's exposure to offices, and particularly its regional business parks, a sector with a challenged outlook.

The Company has sought to address the level of its exposure to offices, and a number of disposals have been completed as we seek to align the portfolio towards favoured growth sectors. The portfolio carried a weighting towards the office sector as at 30 June 2024 of 19.9 per cent (31 December 2023: 26.5 per cent.). There were £53.8 million of sales during the period at a 3.9 per cent. discount to the year end valuation and the office exposure has fallen to 14.3 per cent on completion of recently announced disposals post-period of £60.7 million which were sold in line with their 30 June 2024 valuations. This compares to an Index exposure of 22.7 per cent.

These sales have raised significant cash, underlining the liquidity of the assets.

Performance has been strongest from retail warehousing where yields continue to tighten, given the high level of investment demand and low vacancy rates in the sector. The Company's two retail parks have therefore witnessed capital growth in the period, with these assets being fully let to a strong tenant base.

Cash and Borrowings

The Company had £67.3 million of available cash as at 30 June 2024. All cash balances were held in interest-bearing deposit accounts with competitive variable interest rates. Following the post period end office sales, the Company currently has c.£120 million of available cash.

The Company has a £260 million term loan in place with L&G which matures in December 2024 (the 'L&G Loan'). The Company signed up to a new debt facility in September 2023 which has been provided by incumbent lender, Barclays Bank plc, and HSBC UK Bank plc. This facility has been structured with two tranches, being (a) a £60 million revolving credit facility ('RCF') and (b) a £260 million term loan, which can only be drawn to refinance the existing L&G Loan. The £60 million RCF is currently undrawn, with proceeds from the office sales used to pay back the £30 million drawn down at the start of the period. The new debt facility is available until 13 September 2025 with the option of two one-year extensions (subject to lender approval and the first of which would have to be requested by 15 November 2024). As at 30 June 2024, the Company's loan to value, net of cash, was 20.7 per cent.

Strategic Review

Further to the Strategic Review launched in April this year, the Company announced on 4 September 2024 that it had reached agreement on the terms of a recommended all-cash acquisition by Starlight Bidco Limited (a newly formed company incorporated owned by funds managed, controlled or advised by Starwood Capital or its affiliates) ('Bidco'), pursuant to which Bidco will acquire the entire issued and to be issued ordinary share capital of the Company (the "Acquisition").

The Acquisition is conditional on, among other things, the approval of the Company's shareholders at a Court meeting and an extraordinary general meeting. For full details of the Acquisition, please refer to the Rule 2.7 announcement published by Bidco and the Company on 4 September 2024, available through the Company's website at <https://www.columbiathreadneedle.co.uk/bcpt-strategic-review/>. Further details will be set out in the scheme document which will be sent to shareholders within 28 days of the firm offer announcement of 4 September 2024 (although this timing can be extended in certain circumstances).

Dividend

The Company paid six interim dividends of 0.44 pence per share during the period, totalling 2.64 pence per share, an increase of 10 per cent on the equivalent period in 2023. The level of dividend cover for the period was 107.6 per cent on a cash basis.

In the light of the proposed Acquisition, the Board does not intend to declare or pay any further dividends prior to the Acquisition becoming effective (which is expected to occur in the fourth quarter of 2024), save to the extent required to ensure compliance with the REIT regime.

Environmental, Social and Governance ('ESG')

The Board remains committed to achieving Net Zero Carbon by 2040 or sooner. Detailed analysis and modelling of emissions reduction trajectories has been undertaken and performance against pathway continues to be regularly reviewed.

Forward looking statements

Certain statements in this report are forward looking statements. By their nature, forward looking statements involve a number of risks, uncertainties or assumptions that could cause actual results or events to differ materially from those expressed or implied by those statements. Forward looking statements regarding past trends or activities should not be taken as representation that such trends or activities will continue in the future. Accordingly, undue reliance should not be placed on forward looking statements.

The Board and Managers believe that the portfolio is well placed to deliver on its net zero carbon ambition within a business-as-usual context. The Managers and Board continue to pay attention to all material ESG matters. Ongoing progress is summarised later in this report whilst more detailed insight is provided in the 2023 ESG Report, published in April 2024.

Outlook

Amid cautious optimism in the capital markets, and a more supportive economic backdrop, there are tentative signs that the outlook for certain real estate sectors may be beginning to turn. While the geopolitical landscape remains volatile, a number of market participants are beginning to look to the next stage of the cycle.

The Managers have made progress in repositioning the portfolio which has increased the Company's exposure to those sectors which are projected to offer the most favourable performance outlook.

Paul Marcuse
Chairman

11 September 2024

Managers' Review

Richard Kirby,
Fund Manager

Daniel Walsgrove,
Deputy Fund Manager

Highlights

- Portfolio total return of -0.5 per cent over the 6 months to June, compared to the MSCI UK Quarterly Property Index ('Index') return of 1.8 per cent.
- Underperformance primarily attributable to the capital performance of the portfolio's office holdings.
- The portfolio has delivered income outperformance against MSCI of 47 basis points over the 6 months and generated an annualised income premium of 94 basis points
- £53.8 million of office disposals during the period.
- Total office sales in 2024 have raised cash proceeds of £114.5 million (£60.7 million of which was post the period-end) at an average discount to the then-preceding valuation of 4.1 per cent.
- Portfolio exposure to the office sector fell to 14.3 per cent on completion of post-period end disposals, against an Index exposure of 22.7 per cent.

Property Market Review

As performance headwinds have proved more persistent than anticipated, the first six months of 2024 have not been easy for the UK real estate sector. However, optimism has built as the year has progressed and the macroeconomic environment has stabilised. For over two years, the fortunes of real estate have been strongly influenced by the inflationary backdrop, but we have now seen the interest rate cycle peak at 5.25 per cent and the first cut of 0.25 per cent was announced in August 2024. In addition, a layer of domestic political uncertainty has been removed with the Labour Party win in the July election.

As the economic backdrop and wider sentiment have improved, the real estate sector may have reached an inflection point. The second quarter of 2024 saw the Index generate a positive capital return for the first time since June 2022, underpinning a total return of 1.3 per cent, the strongest quarterly return delivered for 24 months.

As pricing has stabilised, investor confidence has returned for favoured sectors, being those where strong occupational fundamentals are supportive of income resilience and growth. Retail warehousing is the lead indicator of nascent pricing recovery with market yields hardening whilst the industrial and operational alternative sectors have also seen an improved depth of investor demand. There are, however, further capital value declines anticipated in less-favoured sectors, primarily across offices, but particularly in the secondary office markets where vacancy continues to rise.

While sentiment may be improving, investment volumes remained subdued over the first half of 2024. This was on account of continued uncertainty surrounding the economic outlook, combined with a highly constrained availability of stock within the favoured sectors into which investors are willing to deploy 'dry powder' which is available across both the institutional and private markets.

Investment activity totalled circa £20 billion in H1 2024, which is over 50 per cent lower than the volumes seen in H1 2022 (being the last comparable period prior to the current phase of market correction). Residential was the most traded sector as investors turn to resilient, counter-cyclical sectors able to offer an inflation hedge. The occupational fundamentals of the retail warehousing sub-sector, where vacancy rates remained at near-record lows, have also supported strong levels of investor demand given the sector's critical role within omni-channel retailing, lower occupational cost base and resilient discount/convenience led occupier pool. The industrial sector continues to benefit from robust levels of investor demand, supported by a strong occupational market and aided by a notable re-pricing from previous highs. While rental growth has cooled from the record levels seen in 2021/2022, the outlook is positive as

void rates remain below long-term averages, and the development pipeline remains limited with major occupiers such as Amazon increasing occupational take-up in anticipation of wider economic recovery.

The office sector remains challenged, despite the hybrid working model showing signs of stabilising. Such a structural shift carries a delayed impact and continues to lead to the rationalisation of office space as corporates reassess operational models. There is, however, a clear focus on best-in-class, amenity-rich Grade A office space aimed at attracting and retaining a highly skilled workforce. Such assets have seen some liquidity, with a handful of transactions offering a degree of pricing transparency at the prime end of the market.

Managers' Review (continued)

Lease Expiry Profile

At 30 June 2024 the weighted average lease length for the portfolio, assuming all break options are exercised, was 4.6 years (31 December 2023: 4.7 years).

Source: Columbia Threadneedle REP AM plc

Portfolio performance

The Company's portfolio has delivered a total return of -0.5 per cent over the 6-month period, compared to an Index return of 1.8 per cent.

While the portfolio's income return of 2.9 per cent delivered 47 basis points of outperformance over the Index, capital growth of -3.3 per cent versus the Index at -0.6 acted as a drag at the portfolio level.

Capital Growth

Over the period, portfolio yields have moved as follows:

	Net initial yield		Equivalent yield		Reversionary yield	
	June 24 (%)	Dec 23 (%)	June 24 (%)	Dec 23 (%)	June 24 (%)	Dec 23 (%)
Industrial	4.2	4.5	6.1	6.0	6.4	6.3
Offices	8.0	7.4	10.0	8.2	10.6	8.4
Retail*	4.1	4.7	5.2	5.1	5.0	4.8
Retail Warehousing	6.2	6.3	5.9	6.2	5.8	6.1
Alternatives	4.8	4.8	4.7	4.7	4.6	4.6
Portfolio	5.2	5.5	6.7	6.5	6.4	6.2

*including St Christopher's Place

The portfolio saw capital returns of -3.3 per cent, against the Index return of -0.6 per cent. Portfolio performance was impacted heavily by the office holdings, which suffered capital declines of 16.1 per cent over the 6-months. In particular, the Company's exposure to the regional office sub-sector was a strong drag on performance, experiencing capital declines of 20.9 per cent, with the sub-sector acutely impacted by investment illiquidity and constrained transaction volumes in the context of a challenged performance outlook.

The office portfolio performance relative to the Index is noteworthy, as the portfolio's return of -16.1 per

cent lagged the Index return of -2.8 per cent by more than 13 per cent. Having exposed many of the office properties to the market, the mark down in these valuations is a reflection of the level of investor interest and offers received.

More positively, the two prime retail parks in the portfolio have continued to outperform with a total return of 9.3 per cent against 5.1 per cent reported by the Index. These parks are thriving and continue to benefit from being fully-let to a diverse, high-quality tenant base.

Returns for the six-months ended 30 June 2024

Sector	Balanced Commercial Property Trust			MSCI UK Quarterly Index
	Income return (%)	Capital return (%)	Total return (%)	Total return (%)
All Retail	2.6	-0.2	2.4	3.0
Offices	4.7	-16.1	-12.0	-0.7
Industrial	2.3	-0.2	2.0	3.0
Alternatives	2.6	-0.1	2.4	1.6
All Property	2.9	-3.3	-0.5	1.8

Income Return

The portfolio is generating an income advantage, recording a 47 basis point premium over the Index for the 6-month period and an annualised premium of 94 basis points.

Active asset management is critical to maintaining and driving the portfolio's income profile, through unlocking the portfolio's income reversion. A total of 37 leases and tenancy agreements completed over the six months, accounting for a contracted income stream of

£4.7 million. Within this total, sixteen open market lettings were agreed and contracted at rents in line with the valuation ERV at the end of 2023.

This has helped support net operating income growth across the portfolio of 5.7 per cent over the last twelve months, outperforming the index return of 3.5 per cent.

Lease events offer the opportunity to crystallise the portfolio's potential into income growth.

Managers' Review (continued)

With a weighted average unexpired lease term ('WAULT') of 4.6 years, the portfolio's leasing profile has an attractive mix of income duration from its higher yielding assets and the opportunity to realise performance from its growth assets. The key to unlocking the reversion within the portfolio lies in the industrial assets, which offer an income reversion in excess of 50 per cent. Including rent reviews and lease events, the WAULT on the industrial portfolio is 2.1 years, which provides the opportunity for the reversion to be delivered at lease events in the near term.

Approximately 23 per cent of the Company's income profile is subject to contractual uplifts offering guaranteed income growth. Index-linked rent reviews support 11 per cent of the income, while 12 per cent is subject to contractual fixed uplifts.

The portfolio vacancy rate rose from 6.7 per cent by Estimated Rental Value ('ERV') to 9.4 per cent. The increase is due to JP Morgan vacating Alhambra House, Glasgow upon lease expiry. Excluding the two vacant HQ office buildings in Glasgow and Stockley Park, both of which are subject to the execution of asset management strategies, the portfolio vacancy rate stands at 1.7 per cent.

Investment Activity

We continued to make progress on executing a portfolio rebalancing strategy, designed to reduce the Company's exposure to the office sector and align the portfolio for the delivery of enhanced returns.

Since the end of December 2023, we have successfully completed the disposal of five offices, three of which exchanged after the period end. These are as follows:

- **2-4 King Street, London SW1** – a multi-let holding of 14,600 sq ft in London's West End. Sale completed January 2024.
- **The Leonardo Building, Crawley** – a 110,000 sq ft business park headquarters office occupied by Virgin Atlantic Limited. Sale completed February 2024.
- **7 Birchin Lane, London EC3** – a multi-let City of London office of 22,300 sq. ft. Sale completed July 2024.
- **82 King Street, Manchester** - a multi-let city-centre office holding of 83,500 sq. ft. and the largest single office remaining in the portfolio. Sale exchanged July 2024 and completed in September 2024.
- **17A Curzon Street, London W1** – a low yielding, multi-let office of 10,800 sq ft in London's West End. Sale completed August 2024.

In total, we have executed seven disposals from the office portfolio since the start of December 2023, raising aggregate proceeds totalling £129.5 million at an average discount to the preceding valuation of 4.1 per cent.

The pricing achieved on these disposals reflects the liquidity and quality of the real estate in the portfolio. Despite the challenging capital markets this has enabled us to successfully dispose of holdings across the office sector, including capital-heavy multi-let assets, the structurally challenged regional business park segment and the low-yielding Central London markets.

The assets sold were targeted for disposal on account of a risk-adjusted hold/sell analysis based on performance outlook. Following completion of the disposals, the portfolio's exposure to the office sector has fallen to 14.3 per cent, compared to the Index exposure of 22.7 per cent and we believe that the portfolio is well positioned to deliver enhanced shareholder returns.

Asset Management

In the context of income-driven total returns, active asset management is the key determinant of relative outperformance, enabling rental growth to be converted into income while also generating capital growth through the enhancement of the underlying assets.

The portfolio offers a wealth of opportunity for the delivery of value-add initiatives.

Industrial and logistics

The Company's industrial and logistics assets offer an attractive day one income reversion in excess of 50 per cent of the passing rent. A number of highly accretive asset management initiatives have been executed over the year to date. Notable successes included:

Units 1 & 2 Strategic Park, Southampton

The major refurbishment of this two-unit industrial scheme completed in October 2023 and both units became fully leased during the first half of 2024. The completion of a new 15-year lease to Oil Spill Response and 10-year lease to the UK F50 sailing team brought the project to a successful conclusion, delivering:

- Income performance, increasing the Company's income by more than £1.4 million per annum and generating an uplift to the previous combined passing rent of 27.5 per cent.
- Capital performance, underpinning 680 basis points of total return outperformance over the sector benchmark in the 24-month period since vacant possession was obtained to facilitate the redevelopment, and
- ESG enhancements with A-rated EPCs, a BREEAM Very Good certification and a full solar photovoltaic system installed on the roof.

The Crowday Centre, Colchester

This multi-let estate continues to see buoyant levels of occupier activity, supported by a phased programme of refurbishments which has driven rental growth and value appreciation.

The asset offers a day one income reversion of approximately 70 per cent and the staggered nature of the leasing profile allows activity to exploit this growth. Notable events over the period include:

- Pickfords Move Management entered into a new 5-year lease of 16 Mason Road at a rent in line with the unit's ERV and representing a 52 per cent premium to the previous passing rent.
- MKM Building Supplies entered into a new 20-year lease (break year 15) of 1 Mason Road, a newly refurbished unit, increasing the income profile by £275,000 per annum.

The estate also comprises a development site where planning consent has been secured for a trade-centre scheme and the construction package is currently out to tender.

Managers' Review (continued)

Retail Warehousing

The Company's two prime parks have been successfully repositioned to a grocery, discount and convenience-focussed line up, which is driving strong footfall, trading performance and occupier demand. Both parks remain fully leased and we are progressing a number of asset management strategies to further curate the tenant mix.

Strong occupancy, supported by latent tenant demand, and a stable and growing income profile which has seen the passing rent from the parks increase by 1.9 per cent over the year to date and by 10.6 per cent over the last 12 months.

Offices

The completion of a number of asset management projects has enabled us to optimise value on disposal by selling at an optimal point within the asset life cycle.

7 Birchin Lane, London EC3

The portfolio's sole City of London holding has been subject to a phased programme of refurbishment, delivering Category A 'Plug & Play' space along with upgraded ESG credentials including B-rated EPCs. In April 2024, the final refurbished suite was leased at a premium to ERV and 10.0 per cent ahead of the pre-refurbishment ERV. This supported the disposal of the asset at a value reflecting the benefit of full occupation at a strong rental tone.

17A Curzon Street, W1C

The newly refurbished top-floor suite of this multi-let West End office holding was leased in March 2024 at a record rent for the building and the fourth-floor tenant entered into a 3-year reversionary lease, extending their commitment to 2028. Delivery of the business plan secured an enhanced income profile ahead of disposal of the asset in August 2024.

Retail

St Christopher's Place (the 'Estate') (mixed-use Food & Beverage ('F&B'), retail, residential and offices)

The Company's largest asset is a unique property; a prime Central London estate comprising 172 lettable units and 40 buildings, diversified across the retail, leisure, residential and office sectors as follows:

Sector	Exposure (% of asset capital value)
Retail	22.6
Food & beverage	41.5
Offices	15.0
Residential	20.9

During 2024, London's West End retail market has seen the tide turn. Occupier activity has rebounded amid recovering consumer confidence, improving footfall, growing tourist numbers and a significant rebasing of occupational costs following the business rates revaluation.

As a result, vacancy rates in the prime West End have fallen to 4.3 per cent, below their pre-pandemic levels. As reduced vacancy has met with strong occupier demand, core West End rental values have increased significantly.

Amid this encouraging backdrop of recovery and growth, St Christopher's Place delivered a positive quarterly capital return in June 2024, and its strongest quarterly total return performance of +1.0 per cent since September 2022.

Asset management update

West End retail suffered in the wake of the pandemic, and, amid a challenging market backdrop, the Estate saw its vacancy rate rise from 2.1 per cent in December 2019 to 10.1 per cent in December 2023.

Over the course of 2024, the vacancy rate has dropped back to 8.2 per cent at the Estate, 75 per cent of which is under offer or subject to contractual commitment. The net effective vacancy rate should therefore fall back towards its pre-Covid level.

The curation of tenant mix has remained at the forefront of our strategic thinking to ensure that we are leveraging consumer and market dynamics to position the Estate for continued success. To this end, the conversion of traditional retail to F&B has been key. The F&B sector has not only proven highly resilient to recent economic challenges, it also drives investment fundamentals through superior rents, turnover-linked rental top-ups, longer leases and sharper capitalisation rates. This also enhances the consumer experience and trading dynamics of the estate.

Over the course of the period, the Estate's exposure to the F&B sector has increased from 31.2 per cent to 41.5 per cent as 4 key F&B occupational deals completed:

- **Sunday in Brooklyn** exchanged an agreement for lease at 10/12 James Street and 13/14 Gees Court, a newly created anchor unit running from James Street through to Gees Court. This signature letting will revitalise two key entrance points to the estate.
- **Noreen**, a new Middle Eastern restaurant concept, exchanged an agreement for lease at 28-32 St Christopher's Place, a substantial double-fronted unit in the heart of the Estate.
- **Bar Kroketa**, a Spanish restaurant and bar concept, and **Morena**, an all-day dining concept with a Latin-American inspired menu, have both agreed new leases.

The leases were contracted within 0.7 per cent of the units' ERVs and all four contain turnover top-up provisions likely to see the rents receivable exceed ERV.

While there remains strong latent demand from the F&B sector, we believe that we are now approaching a critical mass of F&B offering at the Estate. This has provided a platform for income growth through competitive tension and allows us to turn our strategic focus to other growth opportunities offered across the Estate.

Alternatives

The portfolio's alternatives holdings include the purpose-built student accommodation in Winchester (which is subject to a long-term, index-linked lease to the university) the leisure units at Wimbledon Broadway (a gym and cinema) and the residential properties at St Christopher's Place. The residential element of St Christopher's Place accounts for 5.1 per cent of the value of the Company's portfolio.

Outlook

The macroeconomic environment has shown marked improvement over the course of the year to date as the UK economy returned to growth quickly following the technical recession of 2023. A new government prioritising economic growth has been elected with a strong majority and inflation has steadily receded back towards the Bank of England's target of 2 per cent.

Investor sentiment has strengthened against this economic backdrop. Occupier markets have weathered recent challenges, and this has helped anchor real estate yields.

Managers' Review (continued)

Amid improving capital and resilient occupier markets, the latent risk of widespread market distress linked to debt maturity has subsided. While refinancing challenges had been feared to be a major downside risk to the wider real estate sector, only pockets of distress have materialised. This distress has been focussed on localised submarkets and on assets facing functional irrelevance amid long-term structural shifts.

The benefits of a looser monetary policy should drive a wider market recovery. While we expect pricing at the market level to bottom-out over the course of 2024, the positive impact of monetary loosening is unlikely to be seen until 2025. Income returns continue to drive performance, whilst yield-driven capital returns are likely to be limited in the near-term. This will drive the continued divergence in returns across the sectors within UK commercial property, determined primarily by the strength of the underlying occupational markets and their ability to generate real rental growth.

Stock selection remains critical, not only between sectors but also based on asset fundamentals. Investor demand will focus on quality assets in sectors supported by long-term thematic drivers, capable of delivering accretive asset management, underpinning returns.

In this context, the BCPT portfolio is well positioned. Strategic disposals have tilted the portfolio towards the growth sectors of industrial and retail warehousing (accounting for half of the portfolio). Residual assets within the office portfolio offer upside potential through the delivery of value-add strategies and the Company's largest asset in St Christopher's Place has returned to capital growth, founded on strong asset management capitalising on market recovery.

Environmental, Social and Governance (ESG)

The Board assesses its performance in meeting the Company's objective against the following key measures. Commentary can be found in the Chairman's Statement, Managers' Review and Environmental, Social and Governance Report.

Environmental and social performance

	Six months to 30 June 2024	Six months to 30 June 2023	Year to 31 December 2023	
Carbon emissions (Scope 1 & 2) (tonnes CO ₂ e)	806	795	1,603	This indicates the absolute amount of greenhouse gas emissions associated with the landlord's operational activities across the portfolio.
Proportion of demises with EPC ratings of A or B (%)	28	25	28	This provides an indication of the level of exposure to higher theoretical energy efficiency attributes of the property assets.
Health & Safety	0	0	0	Number of notifiable incidents or statutory health and safety breaches in the managed portfolio.

Highlights for the six-month period to 30 June 2024

The Manager has launched a portfolio-wide biodiversity initiative to improve biodiversity characteristics across the existing portfolio, recognising that asset value, reputation and image, health and wellbeing, and community engagement can all benefit from improved attention to underlying biodiversity factors. The Company has appointed an external consultant to undertake a phased approach in determining biodiversity status and potential opportunities for improvement.

Over the first half of the year, we have continued to pursue a number of key ESG initiatives:

- The Company's ESG Committee formally met in March and May to review progress against sustainability related initiatives and targets.
- The Company submitted to the 2024 GRESB (Global Real Estate Sustainability Benchmark) survey on schedule for both real estate and public disclosure modules. Results are due to be published on 1 October 2024.
- The Company is preparing to submit to the full tier of the CDP climate change module on schedule, with these results due to published by the end of the year.
- For its 2023 ESG Report, and for the sixth year in succession, the Company achieved a Gold Award for alignment to the 3rd Edition of the EPRA Sustainability Best Practice Recommendations.

Environmental, Social and Governance (ESG)

(continued)

The Company has committed to reduce landlord emissions year-on-year. However, emissions are impacted by externalities, primarily prevailing local weather patterns and occupier preferences, which are subject to change and variation on a yearly basis. In this context, the Company reports the following comparisons against the previous year's corresponding period, on a like for like basis and accounting for assets sold:

- a 1.7% increase in landlord-controlled absolute energy consumption
- a 6% increase in landlord-controlled energy intensity
- a 2% increase in absolute landlord-controlled carbon emissions

The near-level position of absolute energy consumption is driven by a 10% decrease in landlord-controlled absolute gas consumption balanced with a 10% increase in landlord-controlled electricity consumption. Performance movement is broadly balanced across the portfolio of assets.

Determined by the number of directly managed assets, 100% of sites within the portfolio are paying the real living wage to all service provider employees within scope in line with our target ambition.

The distribution of Energy Performance Certificate (EPC) ratings, as a reflection of the energy efficiency credentials of assets across the portfolio, continues to improve. At individual demise level, exposure to lower F&G ratings is minimal at three, which together with three expired certificates, represents units that are either very long leasehold or currently vacant and awaiting refurbishment. Exposure to higher A&B ratings has moderately improved, covering 94 demises in total, being 52.9% of the total portfolio by Estimated Rental Value or 57.1% by Net Lettable Area.

The Company continues to monitor its tenant mix as part of its commitment to avoiding leasing exposure to organisations connected to the production, storage, distribution or use of controversial weapons. At the period ending 30 June 2024, 0% of rental income was attributable to organisations that appear on the exclusion lists managed by Columbia Threadneedle Global Asset Management.

Statement of Principal Risks and Uncertainties

The principal risks and uncertainties faced by the Company relate to the following risk categories: investment performance; discount/premium; financial management and product strategy. A detailed explanation of the risks and uncertainties in each of these categories can be found under the heading 'Principal Risks and Future Prospects' within the Strategic Report in the Company's Annual Report for the year ended 31 December 2023. The Company's principal risks remain valid assuming no change in the Company's status and are expected to be so for the remainder of the Company's financial year.

Further information on the Acquisition announcement can be found on pages 4 and 5 of the Chairman's Statement. There is currently no certainty as to the outcome of this proposed transaction. The Board's assessment of going concern can be found in note 1 to the Condensed Consolidated Financial Statements on pages 27 and 28.

Statement of Directors' Responsibilities in Respect of the Interim Report

We are responsible for preparing this Condensed Interim Report and Accounts in accordance with applicable law and regulations. The Directors confirm that to the best of their knowledge:

- the condensed interim report and accounts has been prepared in accordance with IAS 34 'Interim Financial Reporting' as adopted by the European Union;
- the Chairman's Statement and Managers' Review (together constituting the Interim Management Report) together with the Statement of Principal Risks and Uncertainties above include a fair review of the information required by the Disclosure and Transparency Rules ('DTR') 4.2.7R, being an indication of important events that have occurred during the first six months of the financial year and their impact on the condensed consolidated financial statements and a description of the principal risks and uncertainties of the remaining six months of the year; and
- the Chairman's Statement together with the condensed consolidated financial statements include a fair review of the information required by DTR 4.2.8R, being related party transactions that have taken place in the first six months of the current financial year and that have materially affected the financial position or performance of the Company during that period.

On behalf of the Board

Paul Marcuse

Director

Independent review report to Balanced Commercial Property Trust Limited

Report on the condensed consolidated interim financial statements

Our conclusion

We have reviewed Balanced Commercial Property Trust Limited condensed consolidated interim financial statements (the “interim financial statements”) in the interim report of Balanced Commercial Property Trust Limited for the 6-month period ended 30 June 2024 (the “period”).

Based on our review, nothing has come to our attention that causes us to believe that the interim financial statements are not prepared, in all material respects, in accordance with International Accounting Standard 34, ‘Interim Financial Reporting’, as adopted by the European Union and the Disclosure Guidance and Transparency Rules sourcebook of the United Kingdom’s Financial Conduct Authority.

The interim financial statements comprise:

- the condensed consolidated balance sheet as at 30 June 2024;
- the condensed consolidated statement of comprehensive income for the period then ended;
- the condensed consolidated statement of cash flows for the period then ended;
- the consolidated condensed statement of changes in equity for the period then ended; and
- the explanatory notes to the interim financial statements.

The interim financial statements included in the interim report have been prepared in accordance with International Accounting Standard 34, ‘Interim Financial Reporting’, as adopted by the European Union and the Disclosure Guidance and Transparency Rules sourcebook of the United Kingdom’s Financial Conduct Authority.

Basis for conclusion

We conducted our review in accordance with International Standard on Review Engagements 2410, ‘Review of Interim Financial Information Performed by the Independent Auditor of the Entity’ issued by the International Auditing and Assurance Standards Board. A review of interim financial information consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures.

A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and, consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We have read the other information contained in the interim report and considered whether it contains any apparent misstatements or material inconsistencies with the information in the interim financial statements.

Independent review report to **Balanced Commercial Property Trust Limited** (continued)

Emphasis of Matter – Material Uncertainty Related to Going Concern

We draw attention to note 1 to the consolidated financial statements, which indicates two material events which may impact the future of the company. 1) Continuation Vote is due to be held during 2024. If the Continuation Vote takes place and is not passed by shareholders then the Board will be required to bring proposals to shareholders that may include a restructuring or wind down of the company in its current form.

2) An all-cash acquisition offer made by a third party to acquire the company's entire issued and to be issued ordinary share capital (the "Acquisition"). The Acquisition is subject to shareholder approval, and if the Acquisition is approved by the shareholders there is significant uncertainty concerning the future direction of the company.

As stated in note 1 these events or conditions along with other matters set forth in note 1, indicate that material uncertainties exist that may cast significant doubt on the company's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Responsibilities for the interim financial statements and the review

Our responsibilities and those of the directors

The interim report, including the interim financial statements, is the responsibility of, and has been approved by, the directors. The directors are responsible for preparing the interim report in accordance with International Accounting Standard 34, 'Interim Financial Reporting', as adopted by the European Union and the Disclosure Guidance and Transparency Rules sourcebook of the United Kingdom's Financial Conduct Authority.

Our responsibility is to express a conclusion on the interim financial statements in the interim report based on our review. This report, including the conclusion, has been prepared for and only for the company for the purpose of complying with the Disclosure Guidance and Transparency Rules sourcebook of the United Kingdom's Financial Conduct Authority and for no other purpose. We do not, in giving this conclusion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Notes to the Condensed Consolidated Accounts

(unaudited) for the six month ended 30 June 2024 and 30 June 2023

1. General information and basis of preparation

The condensed consolidated interim financial statements have been prepared in accordance with the Disclosure Guidance and Transparency Rules of the United Kingdom Financial Conduct Authority and IAS 34 'Interim Financial Reporting' as adopted by the European Union. The condensed consolidated financial statements do not include all of the information required for a complete set of International Financial Reporting Standards ('IFRS') financial statements and should be read in conjunction with the consolidated financial statements of the Group for the year ended 31 December 2023, which were prepared under full IFRS as adopted by the European Union requirements and The Companies Law (Guernsey), 2008. The accounting policies used in the preparation of the condensed consolidated financial statements have not varied in any material way from those of the consolidated financial statements of the Group for the year ended 31 December 2023. These condensed interim accounts have been reviewed, not audited. The Group's entry to UK REIT Regime was effective from 3 June 2019. The Group's rental profits arising from both income and capital gains are exempt from UK corporation tax from that date, subject to the Group's continuing compliance with the UK REIT rules.

Critical accounting estimates and assumptions

Management makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are outlined below:

The fair value of investment properties and investment properties held for sale is determined by using valuation techniques. For further details of the estimates and assumptions made, see note 1(f) and 9 of the Annual Report for 2023. The Group uses external professional valuers to determine the relevant amounts.

New standards and interpretations

The following new standard and amendments to standards are mandatory for the first time for the financial year beginning January 1, 2024 and have been endorsed by the European Union:

Amendments to IAS 1 "Presentation of Financial Statements: Classification of Liabilities as current or non-current" (effective January 1, 2024), affect only the presentation of liabilities in the statement of financial position - not the amount or timing of recognition of any asset, liability income or expenses, or the information that entities disclose about those items.

Amendments to IAS 7 "Statement of Cash Flows" and IFRS 7 "Financial Instruments: Disclosures": Supplier Finance Arrangements. The amendment describes the characteristics for which reporters will have to provide additional disclosures regarding the impact of supplier finance arrangements on liabilities, cash flows and exposure to liquidity risk.

Amendments to IFRS 16 "Leases": Lease Liability in a Sale and Leaseback (effective January 1, 2024). The amendments explain how an entity accounts for a sale and leaseback after the date of the transaction, specifically where some or all of the lease payments are variable lease payments that do not depend on an index or rate.

These changes in accounting policy did not result in a material change in information in the interim consolidated financial statements.

1. General information and basis of preparation (continued)

Going concern

After making enquiries, and bearing in mind the nature of the Company's business and assets, the Directors consider that the Company has adequate resources to continue in operational existence for the next twelve months from the date of approval of the financial statements. In assessing the going concern basis of accounting the Directors have had regard to the guidance issued by the Financial Reporting Council. They have reviewed detailed cash flow, income and expense projections to assess the Company's ability to pay its operational expenses, loan interest and dividends. The Directors have examined significant areas of possible financial risk including cash and cash requirements, refinancing of loans and review of the debt covenants, in particular those relating to loan to value and interest cover.

The Company currently has a £260 million term loan in place with L&G which is due to expire on 31 December 2024. The Company also has an undrawn loan in place with Barclays and HSBC in the form of a committed term loan which can only be drawn down to pay back the L&G loan. This facility is available until 13 September 2025 with the option for two one year extensions (subject to lender approval and the first of which would have to be requested by 15 November 2024). The Company currently has c.£120 million of cash in hand and has a portfolio of investment properties of £883 million as at the date of this report, based on the latest 30 June 2024 valuation adjusted for post-period disposals of £60.7 million. Should the Board decide not to take up the extension option or if a request to extend the facility is not approved by the lender and alternative financing is not available, the Board is confident that the Company has sufficient time available to sell properties from within the existing portfolio, the proceeds of which, when combined with current cash reserves, could be used to repay all outstanding borrowings in the next 12 months. For this reason, the Board does not consider that the maturity of the external debt facilities represents a material uncertainty over the Company's ability to continue as a going concern.

While the Board is confident that the Company will have sufficient financial resources to meet its obligations due within 12 months from the date of approval of the financial statements, it announced on 4 September 2024 that, further to the Strategic Review launched in April this year, it had reached agreement on the terms of a recommended all-cash acquisition by Starlight Bidco Limited ("Bidco") pursuant to which Bidco will acquire the entire issued and to be issued ordinary share capital of the Company (the "Acquisition"). The Acquisition is conditional on, among other things, the approval of the Company's shareholders at a Guernsey Court meeting and an extraordinary general meeting.

The outcome of the aforementioned meetings (expected to be held in the fourth quarter of 2024) to make the Acquisition effective represents a material uncertainty which may cast significant doubt on the Company's ability to continue as a going concern. If the Acquisition is not approved by shareholders, the Company will continue to operate in the normal course of business whilst continuing to assess its strategic options.

Notes to the Condensed Consolidated Accounts

(unaudited) for the six month ended 30 June 2024 and 30 June 2023 (continued)

1. General information and basis of preparation (continued)

As disclosed in the 31 December 2023 annual report, the Continuation Vote is also due to take place in 2024. In the light of the proposed Acquisition, and based on the expected timetable, the Board does not expect to hold the Continuation Vote prior to the Acquisition becoming effective. However, if the Continuation Vote takes place and is not passed by shareholders then the Board will be required to bring proposals to shareholders that may include a restructuring or wind down of the Company in its current form. The Directors note that the ultimate decision on the future state of the Company is outside the control of the Directors. The uncertain future outcome of the Continuation Vote and the impact this has on the Company's future state indicates the existence of a material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern.

Notwithstanding these material uncertainties, the Directors have reasonable expectation that the Company will continue to operate and meet its liabilities as they fall due and therefore the Board has concluded that it remains appropriate to continue to prepare the financial statements on a going concern basis. In reaching this conclusion, the Board has come to the view that, as the Acquisition or the outcome of any Continuation Vote is contingent on shareholder approval and the Company is considered solvent in all other regards, going concern remains the most appropriate basis for preparation.

2. Dividends and property income distributions (PID) gross of income tax

	Six months to 30 June 2024 PID Rate (pence)	Six months to 30 June 2024 £'000	Six months to 30 June 2023 PID Rate (pence)	Six months to 30 June 2023 £'000	Year to 31 December 2023 PID Rate (pence)	Year to 31 December 2023 £'000
In respect of the previous period:						
Ninth interim dividend	0.44	3,087	0.40	2,806	0.40	2,806
Tenth interim dividend	0.44	3,086	0.40	2,806	0.40	2,806
Eleventh interim dividend	0.44	3,087	0.40	2,806	0.40	2,806
Twelfth interim dividend	0.44	3,087	0.40	2,806	0.40	2,806
In respect of the period under review:						
First interim dividend	0.44	3,087	0.40	2,806	0.40	2,806
Second interim dividend	0.44	3,087	0.40	2,806	0.40	2,806
Third interim dividend	-	-	-	-	0.40	2,806
Fourth interim dividend	-	-	-	-	0.40	2,806
Fifth interim dividend	-	-	-	-	0.40	2,806
Sixth interim dividend	-	-	-	-	0.44	3,087
Seventh interim dividend	-	-	-	-	0.44	3,087
Eighth interim dividend	-	-	-	-	0.44	3,088
	2.64	18,521		16,836	4.92	34,516

2. Dividends and property income distributions (PID) gross of income tax (continued)

Property Income Distributions paid/announced subsequent to the period end were:

	Record date	Payment date	Rate (pence)
Third interim dividend	12 July 2024	31 July 2024	0.44
Fourth interim dividend	16 August 2024	30 August 2024	0.44

Although these payments relate to the period ended 30 June 2024, under IFRS they will be accounted for in the period during which they are declared.

3. Other expenses

	Six months to 30 June 2024 £'000	Six months to 30 June 2023 £'000	Year to 31 December 2023 £'000
Direct operating expenses of let rental property	1,449	1,030	2,167
Direct operating expenses of vacant property	1,461	1,533	2,561
Impairment (reversal)/provision	(196)	375	538
Valuation and other professional fees	314	171	593
Directors' fees	136	153	288
Administration fee	95	95	191
Other	559	463	998
Professional fees accrued to date in relation to the strategic review	250	-	-
	4,068	3,820	7,336

The basis of payment for the Directors' and administration fees is detailed within the consolidated financial statements of the Group for the year ended 31 December 2023.

4. Earnings per share

	Six months to 30 June 2024	Six months to 30 June 2023	Year to 31 December 2023
Net (loss)/profit attributable to ordinary shareholders (£'000)	(14,193)	7,855	(26,067)
Earnings return per share – pence	(2.0)p	1.1p	(3.7)p
Weighted average of ordinary shares in issue during period	701,550,187	701,550,187	701,550,187

Earnings for the six months to 30 June 2024 should not be taken as guide to the results for the year to 31 December 2024.

Notes to the Condensed Consolidated Accounts

(unaudited) for the six month ended 30 June 2024 and 30 June 2023 (continued)

5. Investment properties

	Six months to 30 June 2024 £'000	Six months to 30 June 2023 £'000	Year to 31 December 2023 £'000
Non-current assets – Investment properties			
Freehold and leasehold properties			
Opening fair value	1,008,270	1,075,082	1,075,082
Sales – proceeds	(53,755)	-	(14,300)
Sales – profit/(loss) on sale	2,730	-	(12,896)
Capital expenditure	2,559	2,591	8,358
Purchase of investment properties	-	602	603
Unrealised (gains)/losses realised during the year	(5,546)	-	8,363
Unrealised gains on investment properties	13,204	20,029	20,781
Unrealised losses on investment properties	(39,211)	(30,748)	(77,721)
Transfer to assets classified as held for sale	(59,993)	-	(71,277)
Closing fair value	868,258	1,067,556	936,993
Historic cost at the end of the period	807,294	932,115	850,793

	Six months to 30 June 2024 £'000	Six months to 30 June 2023 £'000	Year to 31 December 2023 £'000
Unrealised gains	13,204	20,029	20,781
Unrealised losses	(39,211)	(30,748)	(77,721)
Unrealised losses on revaluation of investment properties	(26,007)	(10,719)	(56,940)

	Six months to 30 June 2024 £'000	Six months to 30 June 2023 £'000	Year to 31 December 2023 £'000
Gains/(losses) on sale	2,730	-	(12,896)
Unrealised (losses)/gains realised during the year	(5,546)	-	8,363
Losses on sale of investment properties realised	(2,816)	-	(4,533)

5. Investment properties (continued)

The fair value of investment properties reconciled to the appraised value as follows:

	Six months to 30 June 2024 £'000	Six months to 30 June 2023 £'000	Year to 31 December 2023 £'000
Appraised value prepared by CBRE	882,690	1,088,875	952,400
Lease incentives held as debtors	(14,432)	(21,319)	(15,407)
Closing fair value	868,258	1,067,556	936,993

The fair value of investment properties held for sale, reconciled to the appraised value as follows:

	Six months to 30 June 2024 £'000	Six months to 30 June 2023 £'000	Year to 31 December 2023 £'000
Appraised value prepared by CBRE	60,650	-	74,800
Lease incentives held as debtors	(657)	-	(3,523)
Closing fair value	59,993	-	71,277

All the Group's investment properties were valued as at 30 June 2024 by RICS Registered Valuers working for CBRE Limited ('CBRE'), commercial real estate advisors, acting in the capacity of a valuation adviser to the AIFM.

CBRE completed the valuation of the Group's investment properties at 30 June 2024 on a fair value basis and in accordance with The RICS Valuation – Global Standards (incorporating the International Valuation Standards) and UK national supplement ("the Red Book").

There were no significant changes to the valuation process, assumptions and techniques used during the period ended 30 June 2024, further details of which were included in note 9 of the consolidated financial statements of the Group for the year ended 31 December 2023.

6. Fair value measurements

The fair value measurements for financial assets and financial liabilities are categorised into different levels in the fair value hierarchy based on the inputs to valuation techniques used. The different levels are defined as follows:

- Level 1 – Unadjusted, fully accessible and current quoted prices in active markets for identical assets or liabilities. Examples of such instruments would be investments listed or quoted on any recognised stock exchange.

Notes to the Condensed Consolidated Accounts

(unaudited) for the six month ended 30 June 2024 and 30 June 2023 (continued)

6. Fair value measurements (continued)

- Level 2 – Quoted prices for similar assets or liabilities, or other directly or indirectly observable inputs which exist for the duration of the period of investment. Examples of such instruments would be those for which the quoted price has been suspended, forward exchange rate contracts and certain other derivative instruments. The Barclays/HSBC bank loan is included in Level 2. The L&G loan would also be classified as Level 2.
- Level 3 – External inputs are unobservable. Value is the Directors' best estimate, based on advice from relevant knowledgeable experts, use of recognised valuation techniques and on assumptions as to what inputs other market participants would apply in pricing the same or similar instruments.

All of the Group's investments in direct property are included in Level 3 as it involves the use of significant inputs. There were no transfers between levels of the fair value hierarchy during the six-month period ended 30 June 2024.

Other than the fair values stated in the table below, the fair value of all other financial assets and liabilities is not materially different from their carrying value in the financial statements.

	30 June 2024 £'000	30 June 2023 £'000	31 December 2023 £'000
L&G Loan 2024*	260,000	271,536	260,000

* The fair value of the interest-bearing L&G loan is based on the yield on the Treasury 2.75% 2024 which would be used as the basis for calculating the early repayment of such loan plus the appropriate margin.

The Group's financial risk management objectives and policies are consistent with those disclosed in the consolidated financial statements as at and for the year ended 31 December 2023.

7. Interest-bearing loans

£260 million L&G loan

The Group entered into a £260 million ten year term loan facility agreement with Legal & General Pensions Limited ("L&G"). The transaction was conducted by L&G's lending arm, LGIM Commercial Lending Limited. The loan has a maturity date of 31 December 2024.

Interest is payable on this loan from the commitment date, quarterly in arrears, at a fixed rate of 3.32 per cent per annum for the duration of the loan. The loan is secured by means of a fixed and floating charge over the whole of the assets of the Secured Group (which, at 30 June 2024, comprised FCPT Holdings Limited, F&C Commercial Property Holdings Limited and Winchester Burma Limited – see Note 12).

7. Interest-bearing loans (continued)

£320 million Barclays/HSBC facility

On 13 September 2023, the Company signed up to a two-year New Debt Facility provided by incumbent lender, Barclays Bank plc (“Barclays”), and a new lender, HSBC UK Bank plc (“HSBC”).

The Debt Facility has been structured with two tranches, being (a) a £60 million Revolving Credit Facility (“RCF”) and (b) a £260 million Term Loan (the “Term Loan”), which can only be drawn to refinance the existing £260 million Term Loan facility (the “L&G Loan”) provided by LGIM Commercial Lending Limited (“L&G”). The facility is available until 13 September 2025 with the option of two one-year extensions (subject to lender approval and the first of which would have to be requested by 15 November 2024).

The RCF is secured by the way of a fixed and floating charge over the whole of the assets of SCP Estate Holdings Limited, SCP Estate Limited and Prime Four Limited (‘the SCP Group’), whose assets consist of the properties held at St. Christopher’s Place Estate, London W1 and two office properties in Aberdeen. The RCF is currently undrawn, with the £30 million drawn at 31 December 2023 being repaid following sales during the period. Upon drawing the Term Loan and subsequent repayment of the L&G Loan, the security portfolio provided to L&G will be secured to Barclays and HSBC. The rate of interest on the term loan should be fixed with an interest rate swap. No additional security is to be provided beyond the current arrangements. The new term loan has an undrawn commitment fee of 0.45 per cent per annum until 13 September 2024, which increases to 0.63 per cent thereafter. The revolving credit facility has an undrawn commitment fee of 0.63 per cent per annum.

The New Debt Facility is a bespoke structure which permits the Company to retain the competitively priced L&G Loan up to its existing 31 December 2024 maturity, whilst also ensuring the liquidity needs of the business are fully funded at an acceptable commitment cost whilst removing near term refinancing risk. The interest accrues on the New Debt Facility at a variable rate based on SONIA plus a headline interest margin of 1.80 per cent per annum. Interest should be fixed with an interest rate swap on at least 60 per cent of the term loan. It also includes two one-year extension options that allow the Company flexibility to extend the facility with the consent of its lenders, with the first option currently available to be requested.

8. Share capital

	Number	In issue £'000	Number	Held in Treasury £'000	Number	In issue (excluding treasury shares) £'000
Allotted, called up and fully paid Ordinary shares of 1 pence each						
Balance at 1 January 2024	799,366,108	7,994	(97,815,921)	(979)	701,550,187	7,015
Balance at 30 June 2024	799,366,108	7,994	(97,815,921)	(979)	701,550,187	7,015

The Company did not purchase any Ordinary Shares during the period (30 June 2023: nil; 31 December 2023: nil).

Notes to the Condensed Consolidated Accounts

(unaudited) for the six month ended 30 June 2024 and 30 June 2023 (continued)

9. Net asset value per share

	Six months to 30 June 2024	Six months to 30 June 2023	Year to 31 December 2023
Net asset value per ordinary share – pence	105.1p	117.1p	109.8p
Net assets attributable at the period end (£'000)	737,325	821,641	770,039
Number of ordinary shares in issue at the period end	701,550,187	701,550,187	701,550,187

10. Related party transactions

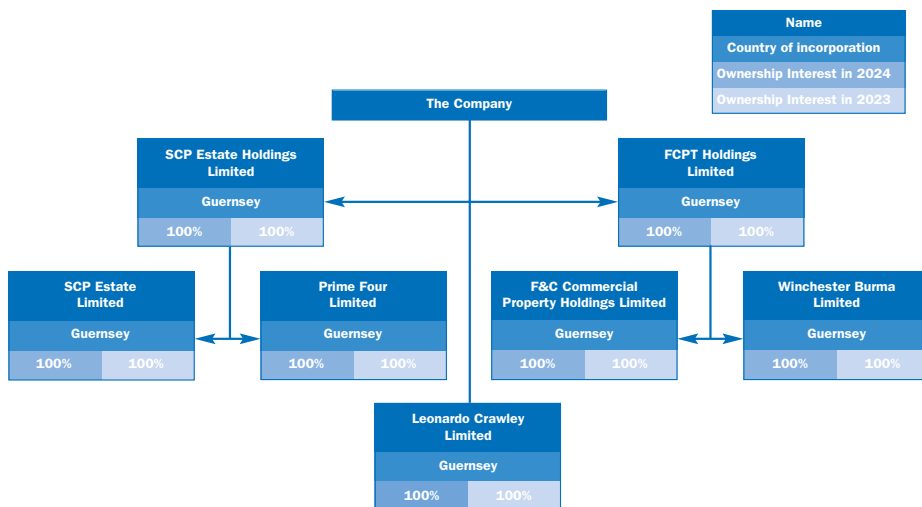

The Directors of the Company are considered to be the Group's key management personnel. The Directors receive aggregated remuneration for services as Directors and for which there are no outstanding balances at the period end. There have been no transactions with related parties during the first six months of the current financial year that have materially affected the financial position or performance of the Company during the period and there have been no changes in the related party transactions described in the last Annual Report that could do so.

11. Capital commitments

The Group had no material capital commitments as at 30 June 2024 (30 June 2023: £5,777,000; 31 December 2023: £nil).

12. List of Subsidiaries

Set out below is a list of subsidiaries of the Group.

The results of the above entities are consolidated within the Group financial statements.

13. Subsequent events

Since the period end, the Company has completed the sales of the following offices buildings:

- 7 Birchin Lane, London EC3 – a multi-let City of London office of 22,300 sq. ft. Sale completed July 2024.
- 17A Curzon Street, London W1 – a low yielding, multi-let office of 10,800 sq ft in London's West End. Sale completed August 2024.
- 82 King Street, Manchester – a multi-let city-centre office holding of 83,500 sq. ft. and the largest single office remaining in the portfolio. Sale exchanged July 2024 and completed in September 2024.

On 4 September 2024 it was announced that, further to the Strategic Review launched in April this year, the Company had reached agreement on the terms of a recommended all-cash acquisition by Starlight Bidco Limited (“Bidco”) pursuant to which Bidco will acquire the entire issued and to be issued ordinary share capital of the Company (the “Acquisition”). The Acquisition is conditional on, among other things, the approval of the Company's shareholders at a Court meeting and an extraordinary general meeting.

The aforementioned meetings are expected to be held in the fourth quarter of 2024. If the Acquisition is not approved by shareholders, the Company will continue to operate in the normal course of business whilst continuing to assess its strategic options.

Shareholder Information

Dividends

Ordinary dividends are paid monthly. Shareholders who wish to have dividends paid directly into a bank account rather than by cheque to their registered address can complete a mandate form for the purpose. Mandates may be obtained from Computershare Investor Services (Guernsey) Limited, c/o Hilgrove Street, St. Helier, Jersey JE1 1ES on request. Where dividends are paid directly to shareholders' bank accounts, dividend tax vouchers are sent to shareholders' registered addresses.

Share Price

The Company's Ordinary Shares are listed on the Main Market of the London Stock Exchange. Prices are given daily in the Financial Times under "Investment Companies" and in other newspapers.

Change of Address

Communications with shareholders are mailed to the address held on the share register. In the event of a change of address or other amendment this should be notified to Computershare Investor Services (Guernsey) Limited, c/o Hilgrove Street, St. Helier, Jersey JE1 1ES under the signature of the registered holder.

Shareholder Enquiries

Contact Northern Trust International Fund Administration Services (Guernsey) Limited, Trafalgar Court, Les Banques, St. Peter Port, Guernsey, Channel Islands GY1 3QL. Additional information regarding the Company may also be found on its website which is: balancedcommercialproperty.co.uk

Common reporting standards

Tax legislation requires investment fund companies to provide information annually to the local tax authority on the tax residencies of a number of non-UK based certificated Shareholders and corporate entities who have purchased shares in investment companies. All new Shareholders, excluding those whose shares are held in CREST, who are entered onto the share register are sent a certification form for the purpose of collecting this information.

Key Information Document

The Key Information Document relating to the Company's shares can be found on its website at balancedcommercialproperty.co.uk This document has been produced in accordance with EU's PRIIPs Regulations.

Financial Calendar

Q4 2024	Scheme Document to shareholders within 28 days of the firm offer announcement of 4 September 2024 (although this timing can be extended in certain circumstances)
Q4 2024	Court Meeting and Extraordinary General Meeting

Please note that a detailed expected timetable in respect of the Acquisition will be set out in the Scheme Document.

Warning to Shareholders – Beware of Share Fraud

Fraudsters use persuasive and high-pressure tactics to lure investors into scams. They may offer to sell shares that turn out to be worthless or non-existent, or to buy shares at an inflated price in return for an upfront payment.

If you are approached by fraudsters please tell the Financial Conduct Authority ('FCA') by using the share fraud reporting form at fca.org.uk/scams where you can find out more about investment scams. You can also call the FCA Consumer Helpline on **0800 111 6768**. If you have already paid money to share fraudsters you should contact Action Fraud on **0300 123 2040**.

Alternative Performance Measures

The Company uses the following Alternative Performance Measures ('APMs'). APMs do not have a standard meaning prescribed by GAAP and therefore may not be comparable to similar measures presented by other entities.

Discount or Premium – the share price of an Investment Company is derived from buyers and sellers trading their shares on the stock market. This price is not identical to the NAV. If the share price is lower than the NAV per share, the shares are trading at a discount. This could indicate that there are more sellers than buyers. Shares trading at a price above the NAV per share, are said to be at a premium.

		Six months to June 2024 pence	Six months to June 2023 pence	Year to 31 December 2023 pence
Net Asset Value per share	(a)	105.1	117.1	109.8
Share price per share	(b)	79.2	66.2	72.5
Discount (c = (b-a)/a)	(c)	(24.6)%	(43.5)%	(34.0)%

Dividend Cover on a cash basis – The percentage by which profits for the year (less gains/losses on investment properties) adjusted by capital and rental lease incentives amortisation and interest bearing loans amortisation of set-up costs cover the dividends paid.

		Six months to June 2024 £'000	Six months to June 2023 £'000	Year to 31 December 2023 £'000

Total assets less current liabilities and cash (excluding current interest-bearing loans)	(b) 932,595	1,078,419	1,017,562
Net Gearing (c = a/b)	(c) 20.7%	23.7%	24.4%

Portfolio (Property) Capital Return – The change in property value during the period after taking account of property purchases and sales and capital expenditure, calculated on a quarterly time-weighted basis. The calculation is carried out by MSCI Inc.

Portfolio (Property) Income Return – The income derived from a property during the period as a percentage of the property value, taking account of direct property expenditure, calculated on a quarterly time-weighted basis. The calculation is carried out by MSCI Inc.

Portfolio (Property) Total Return – Combining the Portfolio Capital Return and Portfolio Income Return over the period, calculated on a quarterly time-weighted basis. The calculation is carried out by MSCI Inc.

Alternative Performance Measures (continued)

Total Return – The theoretical return to shareholders calculated on a per share basis by adding dividends paid in the year to the increase or decrease in the Share Price or NAV. The dividends are assumed to have been reinvested in the form of Ordinary Shares or Net Assets, respectively, on the date on which they were quoted ex-dividend.

	Six months to June 2024 pence	Six months to June 2023 pence	Year to 31 December 2023 pence
NAV per share at start of period – pence	109.8	118.5	118.5
NAV per share at end of period – pence	105.1	117.1	109.8
Change in the period	-4.3%	-1.2%	-7.3%
Impact of dividend reinvestments	+2.4%	+2.0%	+4.0%
NAV total return for the period	-1.9%	+0.8%	-3.3%

	Six months to June 2024 pence	Six months to June 2023 pence	Year to 31 December 2023 pence
Share price per share at start of period – pence	72.5	88.5	88.5
Share price per share at end of period – pence	79.2	66.2	72.5
Change in the period	+9.2%	-25.2%	-18.1%
Impact of dividend reinvestments	+3.8%	+2.2%	+5.6%
Share price total return for the period	+13.0%	-23.0%	-12.5%

EPRA Performance Measures

The European Public Real Estate Association (EPRA) is the industry body representing listed companies in the real estate sector. EPRA publishes Best Practice Recommendations (BPR) to establish consistent reporting by European property companies.

EPRA earnings and EPRA earnings per share – EPRA earnings represents the earnings from core operational activities, excluding investment property revaluations and gains/losses on asset disposals. It demonstrates the extent to which dividend payments are underpinned by recurring operational activities.

	Six months to 30 June 2024 £'000	Six months to 30 June 2023 £'000	Year to 31 December 2023 £'000
Loss/(profit) per IFRS income statement	(14,193)	7,855	(26,067)
Exclude:			
Unrealised losses/(gains) on revaluation	26,007	10,719	56,940
Losses on sale of investment properties realised	2,816	-	4,533
Loss on maturity of interest rate swap	-	-	187
EPRA Earnings	14,630	18,574	35,593
Weighted average number of shares in issue (000's)	701,550	701,550	701,550
EPRA earnings per share (pence per share)	2.1	2.6	5.1

EPRA Net Tangible Assets: Assumes that entities buy and sell assets, thereby crystallising certain levels of unavoidable deferred tax.

	Six months to 30 June 2024 £'000	Six months to 30 June 2023 £'000	Year to 31 December 2023 £'000
IFRS Net Asset Value	737,325	821,641	770,039
Fair value of interest rate swaps	-	(187)	-
Net assets used in per share calculation	737,325	821,454	770,039
Shares in issue (000's)	701,550	701,550	701,550
EPRA assets per share (pence per share)	105.1	117.1	109.8

How to Invest

One of the most convenient ways to invest in Balanced Commercial Property Trust Limited is through one of the savings plans run by Columbia Threadneedle Investments.

CT Individual Savings Account (ISA)

You can use your ISA allowance to make an annual tax efficient investment of up to £20,000 for the current tax year with a lump sum from £100 or regular savings from £25 a month. You can also transfer any existing ISAs to us whilst maintaining the tax benefits.

CT Junior Individual Savings Account (JISA)*

A tax efficient way to invest up to £9,000 per tax year for a child. Contributions start from £100 lump sum or £25 a month. JISAs or CTFs with other providers can be transferred to Columbia Threadneedle Investments.

CT Lifetime Individual Savings Account (LISA)

For those aged 18-39, a LISA could help towards purchasing your first home or retirement in later life. Invest up to £4,000 for the current tax year and receive a 25% Government bonus up to £1,000 per year. Invest with a lump sum from £100 or regular savings from £25 a month.

CT Child Trust Fund (CTF)*

If your child already has a CTF, you can invest up to £9,000 per birthday year, from £100 lump sum or £25 a month. CTFs with other providers can be transferred to Columbia Threadneedle Investments.

CT General Investment Account (GIA)

This is a flexible way to invest in our range of Investment Trusts. There are no maximum contributions, and investments can be made from £100 lump sum or £25 a month.

CT Junior Investment Account (JIA)

This is a flexible way to save for a child in our range of Investment Trusts. There are no maximum contributions, and the plan can easily be set up under bare trust (where the child is noted as the beneficial owner) or kept in your name if you wish to retain control over the investment. Investments can be made from a £100 lump sum or £25 a month per account. You can also make additional lump sum top-ups at any time from £100 per account.

Charges

Annual management charges and other charges apply according to the type of plan.

Annual account charge

ISA/LISA: £60+VAT

GIA: £40+VAT

JISA/JIA/CTF: £25+VAT

You can pay the annual charge from your account, or by direct debit (in addition to any annual subscription limits).

*The CTF and JISA accounts are opened by parents in the child's name and they have access to the money at age 18.

Financial Promotion

Dealing charges

£12 per fund (reduced to £0 for deals placed through the online Columbia Threadneedle Investor Portal) for ISA/GIA/LISA/JIA and JISA. There are no dealing charges on a CTF.

Dealing charges apply when shares are bought or sold but not on the reinvestment of dividends or the investment of monthly direct debits. Government stamp duty of 0.5% also applies on the purchase of shares (where applicable).

The value of investments can go down as well as up and you may not get back your original investment. Tax benefits depend on your individual circumstances and tax allowances and rules may change. Please ensure you have read the full Terms and Conditions, Privacy Policy and relevant Key Features documents before investing.

For regulatory purposes, please ensure you have read the Pre-sales Cost & Charges disclosure related to the product you are applying for, and the relevant Key Information Documents (KIDs) for the investment trusts you want to, these can be found at ctinvest.co.uk/documents.

How to Invest

To open a new Columbia Threadneedle Investments plan, apply online at ctinvest.co.uk. Online applications are not available if you are transferring an existing plan with another provider to Columbia Threadneedle Investments, or if

you are applying for a new plan in more than one name but paper applications are available at ctinvest.co.uk/documents or by contacting Columbia Threadneedle Investments.

Company Overview

Objective

The investment objective of Balanced Commercial Property Trust Limited ('the Company') is to provide ordinary shareholders with an attractive level of income together with the potential for capital and income growth from investing in a diversified UK commercial property portfolio.

The Company

The Company is an Authorised Closed-Ended Guernsey incorporated investment company. Its shares have a premium listing on the Official List of the Financial Conduct Authority and are traded on the Main Market of the London Stock Exchange. Stock Code : BCPT.

The Interim Report of the Company also consolidates the results of its subsidiary undertakings, which collectively are referred to throughout this document as 'the Group', details of which are contained in note 12 to the accounts.

Capital Structure

The Company's equity capital structure consists of ordinary shares ('Ordinary Shares'). Subject to the solvency test provided for in The Companies (Guernsey) Law 2008 being satisfied, ordinary shareholders are entitled to all dividends declared by the Company and to all of the Company's assets after repayment of its borrowings and ordinary creditors.

The Association of
Investment Companies

Registered in Guernsey with company registration number 50402
Legal Entity Identifier: 213800A2B1H4ULF3K397

Management

The Board has appointed Columbia Threadneedle Investment Business Limited (referred to throughout this document as 'the Investment Managers') as the Company's investment managers and Columbia Threadneedle REP AM plc (referred to throughout this document as 'CT REP' or 'the Property Managers') as the Company's property managers. The Investment Managers and CT REP are both part of the Columbia Threadneedle Investments Group ('CTI') and, collectively, are referred to in this document as 'the Managers'.

Guernsey Regulatory Status

The Company is an Authorised Closed-Ended Investment Scheme domiciled in Guernsey and on 9 June 2009, was granted an authorisation declaration by the Guernsey Financial Services Commission in accordance with Section 8 of The Protection of Investors (Bailiwick of Guernsey) Law, 2020, and rule 6.2 of the Authorised Closed-Ended Investment Schemes Rules 2021.
